An interesting fact about Becky is that she played college basketball!

When asked why she is supporting the Colors of Cancer, Becky responded, ***"Riley Thomas was an athletic, kind hearted, and fun student who was diagnosed with cancers as a 6th grader in our building. She passed away way too soon because of cancer. She inspired me to be a better leader, so I owe it to her to raise awareness for children cancer."***

Becky is choosing to represent children's cancer, which is represented by the gold ribbon.

Cathie has stated that she ***"has lost two best friends to breast cancer. One at age 39 and the other at age 48. Early detection is vital but even that isn't always enough. We need a cure."***
