Relationship Account Manager Responsibilities

- Build and Maintain Relationships
- Provide Customer Service
- Act as a Liaison
- Identify and Address Needs
- Develop and Implement Solutions
- Drive Sales and Business Growth
- Monitor Customer Satisfaction

Establish and nurture positive relationships with clients; while addressing questions and issues.
Coordinate internal teams to identify and develop solutions to meet client needs.

Contribute to sales targets by identifying new opportunities and maintaining client needs while monitoring customer satisfaction to improve future customer experience.

Product Manager Responsibilities

- Product Strategy and Vision
- Product Roadmap
- Product Requirements
- Feature Prioritization
- Customer Understanding
- Drive Sales and Business Growth
- Cross-Functional Collaboration
- Product Launch and Management
- Problem Solving

Define the long-term vision and strategy for products, including market research and analysis, identifying opportunities, and creating a roadmap to outline development.

Work with stakeholders to define and translate product requirements to specification; while prioritizing features based on value, impact, and feasibility.

Understand customer needs so you can work closely with other teams to ensure smooth development.

Oversee and manage product launch while monitoring performance data for potential adjustments and solving any problems that arise.
