The City of Monmouth Public Works Department has issued a boil water order for a portion of the city due to a large water main break.

Affected Area: The area north of Broadway, south of Detroit Avenue, roughly between B Street and Main Street.

This includes the blocks along Clinton Avenue, Boston Avenue, and Archer Avenue within those boundaries.

Until further notice, residents in the affected area must boil all water used for:

Drinking, Cooking, Brushing teeth, Making ice, Preparing infant formula, Washing fruits and vegetables. Bring the water to a full rolling boil for at least one minute, then let it cool before use. Bottled water may be used instead.

City crews are addressing the issue and collecting water samples for laboratory testing. The boil order will stay in effect until test results confirm the water is safe. Residents will be notified when the order is lifted through the City website, Facebook page, and local media.
